HON RITA SAFFIOTI MLA
DEPUTY PREMIER; MINISTER FOR TRANSPORT

REQUEST TO AMEND PLANNING CONTROL AREA 153

Thank you for your letter of 20 June 2024 requesting an amendment to Planning Control Area (PCA) 153 in Applecross.

I note your advice that there is no longer any Public Transport Authority or Main Roads WA requirement for works, including tree removal, on Forbes Road, Sleaford Road and Kintail Road, either for current operations, or as part of the Canning Bus Bridge Interchange.

Based on this advice, I have requested the Department of Planning, Lands and Heritage start the process of amending PCA 153. This will include consultation with relevant agencies to determine the extent of updated requirements and modification of associated plans.

Yours sincerely,

HON JOHN CAREY MLA
MINISTER FOR PLANNING
